Jeanne,

It has been determined that the changes to your Building Department plans which increased the height of the structure also increased the non-conformance. That is a situation that, along with the additional steps in the setback, will need to be addressed by the ZBA at the next possible date. No further construction is to continue until that time.

Stephen Shaw  
Zoning & Building Inspector

Hi Steve, I don't understand why you gave me a stop work order? Please advise.
